

ALTAR SOCIETY CARD PARTY

A very successful card party was given last night by the ladies of the Altar Society of the Catholic Church. The party was held in the Landis building on Third street and was attended by about fifty people. Progressive whist was the order of the evening and prizes were awarded as follows: Mr. A. E. Swanson, who took the prize of a lady, won the ladies' prize, but as Mrs. Swanson was second, it can be said that the Swanson family won the prize. Mr. Paul Voel won the gentlemen's prize.

After the card game was over the ladies served a nice lunch of sandwiches, cake and coffee which was enjoyed by all. Mesdames Hayes, Landis, Laville, Jameson and Swanson, and the rest of the ladies made it a point to see that everyone present enjoyed themselves.

Water Main to Rosary About Completed

The new water line to the proposed greenhouse is about completed. A ditch 2,250 feet in length will be completed this week and most of the pipe laid. The building of the greenhouse will be commenced just as soon as the weather will permit of the laying of concrete foundations.

Commission Coming West to Investigate

It is expected that the Cost of Living Committee will visit Western Canada to investigate conditions in this section of the country. At present the intention is for the commission to leave Ottawa next Monday, for Winnipeg, where a number of sittings will be completed. It is expected that the commission will visit Regina, Edmonton, Calgary and Vancouver and take evidence at these centres on this subject.

ENTER PROTEST

Resolutions protesting against the extension of French as an official language, as evidenced by the recent issue of bilingual postcards and the printing of envelopes of some of the federal departments in the French language only, and strongly condemning the British government for its "attempt to force home rule on the Protestant of Ireland," were passed by the Grand Black chapter of British Columbia, high degree Orange Order, which held its annual convention in Nelson, B. C., last Wednesday.

New Social Club Has Been Organized

Several of the young people of Redcliff met recently and formed a new social organization to be known as the Indianola Club. The club will give a dance on the evening of Feb. 24 at the Palace Hotel.

COMING ENTERTAINMENT AN ANCIENT LADIES' AID

The Presbyterian Ladies' Aid is busy preparing an entertainment to be staged in a week or two. The costumes, scenery and drama will be of the olden time, and very amusing as well as instructive. Quite a large number of ladies will take part. We hope for them a full house.

Wanted for Theft at Morse Sask.

A. D. Richie, who came to Redcliff about six weeks or two months ago was arrested on advice from the chief constable of Morse, Sask., early last Sunday morning by Chief Reynolds while at the depot waiting for his wife, who was to arrive on train No. 12. He was wanted at Morse on a charge of theft. The Morse authorities were immediately notified of his arrest, and Sgt.-Maj. Cullins, of the Mounted Police, stationed at Maple Creek, came to Redcliff to take the prisoner back to Morse, but owing to the fact that he had lost the warrant it delayed matters until the Redcliff authorities were compelled to release him. Sgt.-Maj. Cullins, arrested him on his own authority and escorted him back to Morse, to be arraigned there on the aforesaid charge. Little is known of the man here, except that he had contracted several small bills around town which were left unpaid.

UNCLE AL'S NOTES.

The snow has melted so there are a few bare spots—what about baseball for Redcliff this summer?

The following towns are talking of starting a baseball league: Lethbridge, Macleod, Blairmore, Fernie, Cranbrook and Nelson. To be called the Crown West League. It might be well to canvass the town to know if the necessary funds could be guaranteed to put a Redcliff team in the field, and baseball is one of the best advertisements a town can have.

You can tell by the crowds that come up from the station every day when the train comes in, that some one has heard of Redcliff. Treat them well for, no one knows, they may start for business in opposition to you.

Now is the time to prepare accommodations for the big crowds that will be in Redcliff in a few weeks. Westward the course of empire takes its way—this is true—but what is there west of Redcliff?

If you know anything of interest to the public and haven't got the time to see them all personally, let us know—it is our business to tell them.

Brown and Jones are close neighbors, therefore are not on speaking terms. How could news spread if it were not for The Review?

Have you forgotten that you promised your wife you would set out some trees on your lot in the spring? The white elm (some call it hickory elm and some call it rock elm) is the best shade tree that grows. It might be well for several to send in together or order through the Ladies' Civil Improvement League, as a half dozen or a dozen will be all each one will want. The main thing is be sure and get the trees.

If you are going to build this spring, start now and avoid the rush.

This fine weather makes everybody feel good—you too.

Church of England.

Sunday school at 2.30 p. m. in the public school house. Even song in Maple Hall at 7 p. m. The Women's Auxiliary of the church will meet with Mrs. Chadwick next Wednesday afternoon at 2.30.

WILL MOVE TO REDCLIFF SOON

John Q. Landis, of Greenville, Ohio, is making arrangements to move.

Word was received here recently that John Q. Landis, of Greenville, Ohio, was selling all his property in Ohio preparatory to making his home here. This property consists of a fine home within one mile of the Greenville post-office, 38 head of cattle, 20 head of horses and mules, 20 head of hogs, 20 head of sheep, a large amount of poultry, besides his household furniture, wagons, buggies, etc. Mr. Landis owns a large amount of property in and near Redcliff and has decided to make this city his future home. The Review representative was informed this week that he would build a fine residence here. It is not known what business Mr. Landis expects to enter into, but that he will be active in the business interests of Redcliff goes without saying.

Mr. Landis is well known by all the old residents of Redcliff, when he last appeared here on his time for the past three or four years, and they will be glad to welcome him and his family as residents of this fast-growing town.

Weed Inspectors to Hold Convention

The Provincial Department of Agriculture has made arrangements to hold three district inspectors' conventions at the following places and dates: Clavet, March 3 and 4; Olds, March 4 and 5; Vermilion, March 12 and 13.

The railway transportation will be paid by the Agricultural Department for one inspector or delegate from a rural improvement district, providing the council of said district intend to control the weeds within their boundaries. All government inspectors will be requested to attend. The purpose of these conventions is to take up the identification and eradication of all noxious weeds and a general uniformity of inspection work.

Mr. Woodward Leaves For New Zealand

Every one who has attended the Presbyterian Church has made the acquaintance of Mr. W. A. Woodward, who for over a year officially acted as usher and handed you a hymnbook. He has made for himself a place in the esteem and won the respect of all who know him. He left Redcliff on Saturday evening for New Zealand. The board of managers and the Sabbath school made this the occasion of showing their appreciation of his services by making him an address and presentation on Wednesday evening after the prayer service.

Mr. William Buckingham accompanied Mr. Woodward on this long tour. Both young men will be missed in church circles.

VERDICT IN FAVOR OF SENATOR GORE.

A verdict in favor of United States Senator Thomas Gore was returned at Oklahoma City last Wednesday in the suit of Mrs. Minnie Ford against him to recover \$50,000 damages for an alleged attack made by her in the Washington hotel last March. The jury was out only ten minutes.

HAS CHANGED PLANS OF BUILDING

Reid and Goresy commenced the excavation for their new building on Third street this week. They have changed the plans somewhat from the original announcement. Instead of being 32x65 feet, it will now be 30x65, and the kitchen and dining room will be on the same floor as the lodge hall. This will give them the entire first floor for business purposes. This building will be pushed to completion as soon as possible.

May Play Brooks Next Week

The Redcliff hockey team is trying to arrange a game with the Brooks team, to be played the first part of next week in the local rink. It is said that Brooks has a very good team and will keep the local boys busy if the game is arranged.

Saskatchewan Oats Win Silver Trophy

The long-looked-for contest for the Colorado silver trophy, given for the best peak of oats in the world, was won Tuesday at Dallas, Texas, by the oats sent to the National Corn Exposition by J. C. Hill & Son, of Lloydminster, Sask. The closest competitor was the sample forwarded by Montana. The judges, Messrs. Atkinson, of Montana; Buchanan, of Iowa; and Aral, of Minnesota, gave a unanimous decision in favor of the Canadian product.

Montana and other states had come prepared to keep Canada from winning the trophy a third time, and thus forever parting with it. As this was the great event of the exposition, Canada was to-night receiving congratulations of exhibitors and citizens.

J. C. Hill & Sons requested the directors to allow them to offer a similar cup to the one won, to be known as the Canadian trophy.

Refuse to Investigate The Police Force

Edmonton city council Tuesday night turned down a petition of 3,000 property owners asking for a judicial investigation into charges made against ex-Police Chief Carpenter and the police department. There was a lengthy debate. The Mayor and the majority of the council took the ground that they were satisfied that there was corruption in the police department, and they did not need an investigation to satisfy themselves. The recent charges of immorality and corruption in the department made by the Mayor and Alderman Joseph Clarke has created a great stir in the city, and it is said that the matter will not yet be allowed to drop.

Returns to Redcliff.

Mr. and Mrs. Clifford Lefevre and family returned to Redcliff last Friday, after spending about two months at their old home in Franklin, Ohio. Mr. Lefevre said he was glad to get back to Redcliff.

Real Estate Quite Active This Week

Large Number of Sales Reported by the Original Townsite Owners

The real estate market was more active for the past week than for the past three months, a large number of sales having taken place in Lockwood subdivision. The Redcliff Realty Company reports the sale of the following lots in Lockwood: Lots 23-24, block 2, to Charles L. Asdinger; lot 37, block 2, to Margaret Royce; lots 12-13, block 2, to Riley D. Ohler; lot 14, block 2, to James Edward Charles; lots 31-32, block 2, to Mrs. Margaret Rutledge; lots 33-36, block 2, to John Konec; lots 25, 26, 27, 28, block 2, to John T. Devitt.

The Stoner Agencies sold lot 88, block 21, Shipley Park, to J. Braden, of Straburg, Sask., and lots 5, block 21, Lockwood, to Fred Sauer of Redcliff.

H. O. Wheeler sold the following lots in Lockwood this week: Lot 17, block 20, to J. Inglebe; lot 18, block 20, to James Blackstone; lot 3, block 20, to Robert Williams; lots 32-35, block 20, to Robert Jenkins.

New Manager for Merchants Bank

Mr. F. P. Murdoch, who has been manager of the local branch of the Merchants' Bank ever since it was opened, a year ago last October, has severed his connection with the bank, and Mr. H. W. Bearlto, formerly accountant of the Cairn rose, Alberta, branch has been appointed manager to succeed him. Mr. Bearlto arrived here last week and took charge of the local financial institution.

Appointed Governor of Hudson Bay Co.

At a meeting of the executive board of the Hudson's Bay Company, held in London last Tuesday, Sir Thomas Skinner was appointed governor of the company to succeed the late Lord Strathcona. Leonard J. Cunliffe was appointed deputy governor, and A. M. Nanton, of Winnipeg, was elected to a seat on the board.

Buys Property Here.

Mr. Joseph Braden of Straburg, Sask., was in Redcliff this week, and after looking things over he purchased some real estate. He said that he was going back to Straburg and dispose of his interests there and move to this city. Mr. Braden is a building contractor.

NEXT DANCE ON FEB. 27.

The Entre Nous Club will hold its next dance Friday evening, Feb. 27, at the Palace Hotel. All persons holding invitations are respectfully invited to attend. Music furnished by the Medicine Hat orchestra. Dancing will start promptly at 9 o'clock.

STOCKHOLDERS' ANNUAL MEETING.

The Redcliff Clay Products Company, Limited, will hold their annual stockholders meeting on the afternoon of Feb. 25, at the offices of the company. This company's plant will again be in full operation a week from next Monday.

Catholic Church services will be held this coming Sunday at Maple Hall, commencing at ten o'clock.

ODDFELLOWS' GRAND LODGE

Annual Convention Held at Medicine Hat Commencing on Monday

The Grand Lodge of Alberta, I. O. O. F., held its annual session in Medicine Hat Monday, Tuesday and Wednesday of this week. Mr. H. A. Ireland represented the local lodge at this meeting. Several matters of interest to the order were brought up and the report of the officers showed the order in a flourishing condition. The following officers were elected:

Grand Master, George Henderson; Lodge Officers, Deputy Grand Master, A. E. Cummins, Edmonton; Grand Wardens, J. W. Miller, Camagney; Grand Secretary, O. E. Tidale, Calgary; Grand Treasurer, A. F. Adams, Calgary; Representatives to Sovereign Grand Lodge, two-year-term, A. E. May, Edmonton; one-year-term, R. Hill Fairley, P. G. M., Calgary. Trustees of the Home Fund, Valentine and Little.

In the afternoon the following officers were appointed by the Grand Master:

Grand Marshal, W. H. Williams; Medicine Hat Lodge No. 3; Grand Conductor, J. Bradshaw, Lethbridge Lodge No. 53; Grand Herald, J. H. J. Morgan, Eden Lodge No. 92; Guardian, J. Cole, Banff Lodge No. 38; Grand Chaplain, M. T. Flahersham, Inglewood Lodge No. 6.

The officers started in the morning and those appointed in the afternoon were installed in their respective chairs by P. G. Bro. Fairley, assisted by Bro. A. E. May, P. G. E. and P. G. R., during the afternoon.

Two Write-ups in Chicago Papers

Two papers printed in Chicago—Canadian-American and the Western British-American—in their issues of Feb. 14, have very good articles on the industries of Redcliff, showing the number of men employed and what is being turned out by the factories here.

These two papers have a circulation among former Canadian or British people living in the United States as well as among the Eastern Canadians, and the articles in the above papers will undoubtedly give their readers some idea of Redcliff's industries and the future possibilities of our town as an industrial centre.

BALLOTS WERE TAMPERED WITH

The scrutiny of the ballots cast in the Canada temperance act vote in Wolland County, Ontario, Jan. 29, began last Tuesday before Judge Livingston. Five ballots on which the cross marked opposite the "for the act" had been rubbed off and marked "against the act," thus changing the ballots from "dry" to "wet," were found in the ballot box for ward two, Bridgeburg. It was here the alleged ballot-switching was done.

NEXT MEETING OF TOWN COUNCIL, MONDAY

The next meeting of the Town Council, which takes place on Monday night, will be held in the hall adjoining the Northern Hotel. This will give the public ample accommodation.

ABOLISH HANGING.

The bungling manner in which the execution of Jasper Collins was carried out at Calgary last Tuesday morning is another good argument why the death penalty should be abolished. This means of punishment for crime committed is a relic of barbarism and is *not* in keeping with our present-day civilization. If the execution of a dog had been handled in as bungling a manner as this man was executed the executioner would have been liable for a term in prison.

If everything that was left of the trial of this man was true he should have been put in a hospital for the insane, for no man would have done the things he is reported to have done unless he is of unsound mind.

Our Christian civilization does not call for an eye for an eye as a punishment for crime, but only that society shall be protected from the criminal, and there is no more effective way than that of confining them within a given space with proper safeguards against their escape.

WHICH?

In our Board of Trade dead or just sleeping? A little less than a year ago the business men of Redcliff met and formed a board of trade and elected officers. With one or two exceptions that is the last that has been heard of the organization. With the exception of getting out a fine folder showing the resources and manufacturing industries located here, nothing else has been done that we are aware of. There should be a get-together meeting, as was suggested some time last summer. With this idea in view the membership at that time was evenly divided and each half started after new members, the campaign to last thirty days. At the end of that time the side that got the least applications was to stand the expense of a supper. As yet the supper has not been given. It is not that the winning side is anxious for something to eat,

but that the board should get together and talk over matters, and map out some kind of campaign for the coming year that will bring this matter up.

Mr. Oliver to Address the M.C.L. - The Essentials of Citizenship will be the subject that Mr. Oliver, of Medicine Hat, will bring before the Men's Christian League next Sunday-afternoon. He is an interesting speaker, an instructive lecturer, and an inspiring orator. He sure to arrange your plans so as to

The Store in the Service of the People

A CONTINENT TO ORDER

Reporting to the Statist on the condition of Canada, George Fash remarks that the great era of railroad building is now almost closed. Both the new trunklines across the continent will be completed within a year, and the old ones will have been double-tracked much of the way. With these and numerous branch lines Canada will have built seventeen thousand miles of railroad within a dozen years at a cost, including equipment and improvements, of a thousand million dollars.

Now Canada contains decidedly fewer people than the State of New York and far less capital, in proportion to population the country overbuilt railroads so fast, and in relative material development during the last decade the Dominion has much exceeded the United States.

Glancing at the history of the Canadian Northwest for the last dozen years, one might fairly say that the Dominion made a continent to order. As the railroads spread across the provinces and came into cultivation, towns appeared, industries sprang up.

It is all an interesting illustration of the modern mobility and organization of business. For this development Canada has borrowed since 1907 a billion and a quarter dollars in England and perhaps a third as much in the United States. Without great stores of surplus money to draw on the development would have been impossible—Saturday Evening Post.

Brick Go Through Fire Before they Go to You.

They are made from clay and the clay is burned in a heat that averages 2500 degrees Fahrenheit—a heat far greater than any fire they will ever be called upon to pass through in the walls of your house.

This is what makes Brick Fire-proof.

That is what makes Brick Impenetrable.

Build Your Home of Brick—IT'S ECONOMY

True economy not only takes in the first cost but the cost that is to come. Brick houses of average construction cost but a few dollars more than lumber or stone—say \$100 on a \$2500 house. But when they are erected cost stops. There are no repairs to be figured on. There is no painting to be counted in every 3 or 4 years. There is no depreciation in price—consequently your house will sell for what it cost you, plus the increase of the value of your lot in the meanwhile. There is a reduction in the insurance rate of 37 per cent over concrete or stone and more than 50 per cent over lumber. There is reduction in fuel bills because brick keeps out the frost in winter. There is comfort in summer because brick keeps out the heat. And above all you can borrow more money from your bank on a brick house ten years after it is constructed than you can on a lumber or concrete of the same value in the same period of time. When you build, build for true economy.

Housewives Unite.
A housewives' union is being formed in Australia. Its main object is to secure, by legislative enactment, the institution of an eight-hour day for housewives, and a good deal of word of the old saying that "a woman's work is never done."

CAPITAL PUNISHMENT

Union Bible Class Will Have Pleasant Monday Evening

The members of the Union Bible Class will hold a debate in the Presbyterian Church on Monday evening at 8 o'clock on the abolition of capital punishment. Mr. A. E. Cable, supported by four fellow-doubters, will plead for the abolition. Mr. Fred Robertson, with four fellow-believers, will plead for a full house, to which you also are welcome.

The Presbyterian Church.

Public worship is held every Sabbath in the church at 11 o'clock in the forenoon, and in the Empire Theatre at 7.30 in the evening. "What is the One Thing Needful?" will be Rev. Mr. Gordon's subject in the forenoon, and "The New Heaven and the New Earth" in the evening.

Sabbath school is at 2 o'clock in the afternoon. The Union Bible Class meets at 8.30.

"What is God to Us?" is the subject of the praise and prayer service on Wednesday evening at 8 o'clock.

You are heartily invited to all these services. You will find them interesting and helpful.

The choir meets on Thursday at 8 P. M.

A reading and writing room is open in the church every weekday evening.

Fifty young men went to the midnight train on Saturday to see Mr. Woodward off. Both he and Mr. Buckingham have the esteem and best wishes of the whole congregation.

NOTICE

NOTICE is hereby given that, in accordance with the provisions of the Irrigation Act, the TOWN OF REDCLIFF has filed the necessary memorial and plans required by Sections 13 and 15 of the said act with the Commissioner of Irrigation, at Calgary, Alberta.

The applicant municipality applies for the right to divert six-fourths of one cubic foot of water per second from the South Saskatchewan River at a point on the southeast quarter of section 6, township 25, range 6, west of the Fourth meridian, for "other" purposes, and for the right to construct the necessary works as shown on the memorial and plans filed, to enable the water so diverted to be used for the said "other" purposes in the said town.

The undermentioned lands are also affected by right of way for the proposed works, viz.: southwest and northwest quarters of section 6, and southeast quarter of section 6.

Dated at Redcliff, Alberta, this 18th day of February, 1914.
TOWN OF REDCLIFF.
(Seal) see BENJAMIN J. BOTT, Mayor.
Secretary-Treasurer.

Pleased with Redcliff.

Mr. A. Cockburn, representing the B. F. Ackerman, Son & Co. of Regina, Sask., and Peterborough, Ont., was in Redcliff the first part of the week and was shown about the town by Mayor Bott. He was very much surprised in what he saw and predicted a great future for Redcliff. What impressed him most was the number of factories here in actual operation. He was entertained at the Redcliff Club and was very much surprised to find such a finely fitted up club quarters in such a young town.

The Ladies Auxiliary of the Church of England wish to announce a whist drive and dance, Monday Feb. 23rd at 8.30 p. m.
